

The 3rd Annual Health Research International Conference 2024 : HEALTH RESEARCH AND INNOVATION FOR FUTURE & MANKIND

Oral Presentation

**Room 1:
Pantipyra Sanguanchua**

THURSDAY
29 AUGUST, 2024

START AT
10:55AM

Time	ID	Presenter name	Categories	Topic
10.55 - 11.10	R1-1	Muhammad Zuhaili Suhaimi	Health Sciences	Effects of 8-weeks of High-Intensity Interval Training versus Moderate-Intensity Continuous Training on Immune Response, Bone Metabolism Markers and Anaerobic Capacity in Physically Inactive Adults
11.10 - 11.25	R1-2	Bawani Ramakrishnan	Health Sciences	Effects of Turmeric Supplementation and Strengthening Exercises on Knee Stiffness and Physical function among Knee Osteoarthritis Patients
11.25 - 11.40	R1-3	Nik Siti Nik Zaid	Health Sciences	Analysis of Leukocyte Subsets and NK Cells Response Following 12-Week Intervention of Tabata and Bee Propolis in Sedentary Overweight Men
11.40 - 11.55	R1-4	Wasawat Apiromrak	Health Sciences	Developing Prediction Models for Chronic Kidney Disease Progression in Diabetic Patients using Machine Learning Models
11.55 - 12.10	R1-5	Bojan Stanimirov	Health Sciences	In vitro effect of ursodeoxycholic acid and doxorubicin on the activity of antioxidant enzymes in breast adenocarcinoma cells
Break				
14.45 - 15.00	R1-6	Chanavee Toh	Medical and Health Technology	Deep Learning Application for Southern Thailand Cancer Registry: Enhancing Case finding and Data Abstraction
15.00 - 15.15	R1-7	Mewika Nuchsiri	Medical and Health Technology	Steptify Biofeedback weight bearing portable device for patient with lower extremity fracture
15.15 - 15.30	R1-8	Chinnawudh Sawee	Medical and Health Technology	Accuracy and predictability of Hypotension Prediction Index in predicting hypotensive events in septic shock patients.
15.30 - 15.45	R1-9	Sukitta lampinitkul	Medical and Health Technology	Evaluating Microleakage in Pediatric Zirconia Crowns with Two Luting Cements: An In Vitro Study

The 3rd Annual Health Research International
Conference 2024 : HEALTH RESEARCH AND INNOVATION
FOR FUTURE & MANKIND

Oral Presentation

**Room 1:
Pantipyra Sanguanchua**

FRIDAY
30 AUGUST, 2024

START AT
10:30 AM

Time	ID	Presenter name	Categories	Topic
10.30 - 10.45	R1-10	Sukanya Samadoloh	Health Sciences	Efficacy of whitening toothpastes: analyzing color alteration, hardness, surface roughness, and volume loss in coffee-stained teeth
10.45 - 11.00	R1-11	Kinanthi Sekarlitha	Health Sciences	Herbal And Malaria In Indonesia: Bibliometric Analysis
11.05 - 11.15	R1-12	Marko Stojanovic'	Health Sciences	Impact of Physical Activity and Muscle Strength on Resting Metabolic Rate in Young Adults
11.15 - 11.30	R1-13	Chanya Kaittisaksophon	Health Sciences	Impact of Percutaneous Endoscopic Gastrostomy on Survival and Nutritional Outcomes in Head and Neck Cancer Patients: A 15-Year Retrospective Analysis
11.30 - 11.45	R1-14	Boonchanit Nophachatsathid	Health Sciences	The Presence of Hard Tissue Barrier Over Time in Vital Pulp Therapy-treated Permanent Mandibular Molars
11.45-12.00	R1-15	Natnicha Nampim	Health Sciences	Caries classification in primary teeth on bitewing radiographs using deep learning-based convolutional neural network
Break				
14.05 - 14.20	R1-16	Sirinapa Kongsak	Health Sciences	Nurses' Perspectives Toward Use of Intravenous Patient-Controlled Analgesia for the Management of Pain After Surgery: Content Analysis of Open-Ended Survey Questions
14.20 - 14.35	R1-17	Norsuriani Samsudin	Health Sciences	Protective effects of l-carnitine supplement combined with interval training on renal and liver markers among overweight and obese individuals
14.35 - 14.50	R1-18	Sirikan Suwannasin	Health Sciences	Anti-bacterial, anti-biofilm, and anti-motility activities of micro-particles containing turmeric extract and chitosan against Vibrio cholerae
14.50 - 15.05	R1-19	Autchariya Thodsapol	Health Sciences	Molecular analysis of Chloroquine and Sulfadoxine/pyrimethamine resistant markers in Plasmodium falciparum isolated from three provinces in Southern Thailand
